

TAP INTO THE INDUSTRY'S LEADING PROJECT SOURCE

Project Center connects you to the spending activities of more than 89,000 government agencies, and it's updated with thousands of new government-contracting opportunities each day.

Use this core feature of the Onvia Online Database to track down the sales leads and business intelligence your company needs to succeed. You can search for projects using an array of different parameters:

- ▶ Keyword (including words within bid documents)
- ▶ Sector (public or private)
- ▶ Geographical location
- ▶ Industry/business type
- ▶ Time frame (from the past week to the last few years)
- ▶ Target markets (education, healthcare, transportation, and more)

With Project Center, you can...

- ▶ Find projects at every stage of the process, from Advance Notice to contract award.
- ▶ Pinpoint buyers and decision makers for each lead, so you can develop relationships before bids and RFPs are issued
- ▶ View agencies' purchasing history to see who's buying your product or service
- ▶ Check plan holder and bidder lists to find out who's competing with you
- ▶ See who's been winning contracts in your industry sector
- ▶ Download RFPs and spec documents that'll help you prepare your next bid
- ▶ Locate opportunities for subcontracting on major projects
